ESTABLISHED 1860

VOL. NO. 72 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, MAY 25, 1933 — NO. 5

Our Town

By J. B. White

Four proposed amendments to the Texas Constitution are to be voted on Saturday, August 26. In addition the electorate of the state will name their delegates to the repeal convention to act upon the proposed repeal of the 18th Amendment. There will be numerous local ballots throughout the State to vote off or to retain the local option yoke as it applies to the prohibition question.

Lack of information, coupled with false leadership has often caused people of Texas to lapse their intelligence when constitutional amendments are being voted upon. Amendments seem to be faring better with a rising tide of independent thought. Certain it is a Constitution has never been drawn comprehensive enough to embrace the progress of a people. Changes are as necessary as evolution. Some changes have been bad. Some have been beneficial.

The most revolutionary proposed experiment ever made in local government is Senate Joint Resolution No. 3, extending charter rights to counties. If this amendment is voted upon favorably by the people it means that counties in Texas of 62,000 population may adopt charters such as are now prevalent in cities. The intent of the legislation, while a drastic change in systems, is to enable counties to operate their governments more efficiently. Essential protection for rights of the state where paramount to the county charter is made. Maximum benefits from the charter proposal for counties, would be the joining together of county and municipal governments under control of administrators to be elected for the whole political subdivision by the people. In this way it would be possible to unify and simplify government by eliminating duplicating branches.

This amendment would benefit counties where large cities are built because it would eliminate all save one governing body. Every necessary branch of government would be brought under one unit of control and thus would be eliminated many office holders and unnecessary branches of administration. Many counties in Texas would not participate because the population figure is too high. This feature lessens the general benefits of such legislation. It is patent that if economy results from the proposed charter amendment it should be extended to all counties.

House Joint Resolution No. 43 proposes an amendment to legalize the manufacture and sale of beverages with alcohol not to exceed 3.2 per cent. It is known as the beer amendment. Under the terms of this amendment saloons are authorized. Beverages so legalized may be sold and consumed on the premises or distribution may be engaged in otherwise. License fees affecting the several engagements are provided.

The amendment proposal gives protection to all counties and political subdivisions thereof voting dry before state prohibition became effective. It provides that incorporated cities, justice precincts and other divisions may vote dry irrespective of the county as a whole. In this connection, it will be necessary for Milam county to hold a local option election because the county voted dry before state prohibition. The status of the county remains unchanged even though the State votes repeal of Section 20, Article fourteen.

Senate Joint Resolution No. 30 seeks to amend the Constitution so as to permit the Legislature to issue bonds of the State in the sum of $20,000,000 for the relief of unemployment, Federal aid to unemployed and for relief is being extended through August as a result of the state's action in submitting this amendment. Bonds so issued may not have maturity dates beyond ten years and must bear interest not to exceed four and one-half per cent. No commission is allowed on the sale of the bonds. Only such amount as shall be necessary will be sold.

Senate Joint Resolution No. 32 seeks to amend Section 1-a of article 8 of the Constitution, relating to $3000 exemption for state ad valorem purpose all homesteads, providing that the same shall not apply to those counties now receiving remittance of taxes from the state. This would operate until such time as conditions warrant resumption of tax obligations to the state from those counties now benefitting from relief legislation.

These proposed amendments are published in full and should be read thoroughly by the people before the ballot is cast on August 26.

CATHOLICS TO WRITE OF CHURCH IN TEXAS

R. A. Michalka, Grand Knight of Cameron Council No. 2338, Knights of Columbus, and J. A. Lindle, treasurer of the Council, returned last week from the 30th Annual State Convention of the Order held in Corpus Christi May 16 and 17. They were delegates from the Cameron Council.

They report a splendid trip, and have much to say about Corpus Christi hospitality. Splendid progress has been made in the work of the order during the past year, despite the economic conditions of the country.

One of the outstanding works of the order is being done by the Texas Knights of Columbus Historical Commission. This Committee of the order is compiling, writing and will publish a history of the Catholic church in Texas. This work was begun in 1923, and the first volume of a six volume series will be released during the early part of 1934. Rev. Paul J. Foik, C. S. C. is chairman of the commission, with headquarters in Saint Edwards University in Austin, Texas.

The members of the Commission have given faithful and valuable service to their efforts that have made possible the preparation of this enchanting narrative that reveals itself in a startling panaroma of events from the age of the conquietodores and the Padres down through the centuries to the present day. They were Spaniards and Catholics who first blazed the trail into the very heart of the Southwest, long before the Pilgrims settled at Plymouth Rock in New England.

The whole gripping story of the fortitude, the hardships scarcely hitherto revealed, of the Padres who introduced the first civilizing influences among the savage oborigines by means of a spiritual conquest of souls, will be revealed in this wonderful history. Extensive research work has been done in all parts of the early Catholic world, and many valuable manuscrips, maps, etc. have been obtained.

Fear of overflows in Little River and Elm Creek were abated somewhat by the graduated fall of rain.

The corn crop, unusually large in acreage, was believed to have been practically assured by the rain which was general over a wide section of Texas.

POPPY SALE SATURDAY FOR DISABLED VETERANS

The American Legion will conduct its annual Memorial Day Poppy Sale here Saturday.

It is hoped the citizens of Cameron will respond to this sale more generously than ever before.

Legion leaders are sure that if every purchaser of a poppy could visit the hospitals, where these poppies are made and realize that the only income many of these veterans have is the 1 cent they receive for making each poppy. The money you give for the poppy is used for rehabilation of these non-compensated veterans and their families.

It is urgently requested that purchasers of poppies give as much as possible for the poppy. The post requests this because hundreds of veterans who have been confined to Veteran Administration hospitals for the past years will be discharged by July 1st under the Executive orders following the economy act of March 20th.

These veterans will have to be cared for by communities in which they live. Edwin Hardy Post No. 9 anticipating this heavy load that it will have to carry, requests that the citizenship aid in this work as much as possible.

Buy a poppy Saturday May 27th and you will be aiding some veteran and his family who are still fighting the ravages of the World War.

PROPOSED AMENDMENTS To CONSTITUTION of TEXAS

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it is hereby ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be seperately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction of procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting therefrom nominations, elections or appointments to offices the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and Laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified votes of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town or district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that the defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and Statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necesary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one or the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necesary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

W. W. HEATH,
Secretary of State.

SPEED!

Time counts when you're in pain! Insist on genuine Bayer Aspirin, not only for its safety but for its *speed*.

The tablet that is stamped Bayer dissolves *at once*. It is many minutes faster than remedies that are offered in its stead.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

John F. Grant Says That Now Is Time to Build; Lumber Prices Increase

Houston, Texas, May 22.—John F. Grant, a leading lumberman of the state, operator of numerous yards over Texas, declared in an interview here today that lumber prices are definitely on the up grade and that never in the present generation will people be able to build at prices as low as those now prevailing.

Mr. Grant stated that lumber prices have advanced from $2.00 to $3.00 per thousand feet in the past thirty days and that all signs point to another $5.00 to $10.00 advance by early fall.

He said that leading saw mills over the county report an accumulation of orders, to such an extent that deliveries are being delayed from 30 to 60 days, and that this delay is likely to increase as the demand increases.

Labor costs, Mr. Grant pointed out, are still right at the bottom. Homes and business buildings can be constructed at the lowest costs in 25 years. He expressed the opinion that the general recognition of these facts would hasten a building boom which will go a long way toward putting jobless men back to work and bringing prosperity back for the entire nation.

WHY PAINT

YOUR HOME SO OFTEN?

Perhaps that question does seem strange, coming from a paint dealer. Nevertheless, we know that you won't have to paint so often if you use LOWE BROTHERS HIGH STANDARD House Paint. For HIGH STANDARD is a paint that stays new and bright much *longer* than paints of inferior quality which can be bought at lower price.

And of course, a paint that stays nice for an *extra* number of years, cuts many dollars from the per year cost of a paint job.

Come in, and let us give you a free copy of LOWE BROTHERS book on Home Decoration. By all means, see us before you paint.

Time and again I am told---by my own organization and by others ---that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives---he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,---all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car---but two items we do not skimp are cost and conscience. A great many things could "get by"---the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

ROESLER

(Continued from page 1)

ing to Smith's story, he went with the posse to the farm home. When the officers arrived, Smith started in the direction of the house. Mrs. Roesler and daughter came out to meet them. Smith handcuffed them and went immediately to the house.

As Smith reached the house he called for Roesler and son to come out. When they did not appear he sent a bullet from his carbine through the walls. He then walked to the other side of the house where he saw Roesler moving about. He leveled his gun and commanded them to surrender or take the consequences. Roesler came out and was brought to jail.

With Smith at the time were Jim Perkins, Luther Roberts and Joe Richter, both the latter city officers.

Deputy Sheriff Will Vaughn and Ray Robinson, deputy, arrived and assisted in bringing the family of four to jail. Mrs. Roesler and children were released.

DINING GETS JUST DESSERT!

In a world turned topsy-turvy, what could be more appropriate than an upside down cake! And if it's made with luscious discs of canned pineapple, set in a caramel goodness, browned to a golden whole, it's enough to right the appetites of any family.

And the pineapple upside down cake has much more than its mere golden goodness and simplicity of preparation to recommend it. Now that nutritional studies have found canned pineapple to be a valuable source of essential vitamins and minerals, an important aid to digestion, housewives and hostesses are seeking new ways of including pineapple in some way daily on the menu.

PINEAPPLE UPSIDE DOWN CAKE

½ cupful of butter
1 cupful of brown sugar
8 slices of canned pineapple
8 maraschino cherries
¾ cupful of chopped dates
¾ cupful of pecans (in perfect halves, if possible)

Melt the butter in a wide shallow pan or skillet. Add the sugar, distributing it evenly. Lay the pineapple, dates and pecans in this sugar mixture, and place a cherry in each pineapple center. Then prepare the Sponge Part—

SPONGE PART

4 eggs
⅔ cupful of sugar
⅓ cupful of flour
1 tsp. of tartrate baking powder
½ tsp. of salt
½ tsp. of lemon extract

Beat the egg yolks until light and lemon-colored. Gradually add the sugar, which has been sifted. Fold in the beaten whites of 2 eggs. Sift the flour, baking powder, and salt together 3 times, and fold into the mixture. Fold in the beaten whites of the other 2 eggs and add the flavoring. Pour over the pineapple mixture and bake in a moderate oven (350 degrees) until done. Let cool in the pan for 5 minutes before turning the cake out upside down.

Would You Like a Romp Before Breakfast?

Here is Adrian R. Hines, famous explorer and curator of San Antonio, with his pet mountain lion, Oscar, enjoying a little romp in Hines' back yard before breakfast. Oscar is very tractable with Hines, but is pretty unfriendly with strangers. Hines takes great interest in animals, being a taxidermist by trade and having one of the most valuable taxidermy collections in the Southwest. Note the frendly paw in his face in the photo.

TEACHERS ARE ELECTED FOR THE 1934 TERM

At a meeting of the school board the following teachers were elected for the 1933-34 session: Guy T. Newton, Miss Lucille Dickard, Miss Helen Flinn, Mrs. Mary L. Culpepper, T. H. Haynie, C. M. Hicks, Miss Louise Lanham, Miss Louise Green, Mrs. Ann Posey, Miss Jolly Blanche Pitts, Miss Kathryn Robbins, Miss Ethel Skelton, Miss Dallie Young, A. C. Strickland, Miss Irma H. Porter, Miss Nadine Bragg, Mrs. C. Childers, Miss Agnes Dusek, Miss Katherine Flinn, Miss Winnie Henderson, Miss Blanche Hensley, Miss Ethel Jenkens, Miss Mary Ellen Jeter, Miss Grace Mangum, Mrs. Charlie Nabours, Miss Katherine Sproull, Miss Blanche Wiley, Miss Cora Rogers.

Colored Teachers: O. J. Thomas, Milton Sanders, Floy Allen, Mrs. R. E. Hall, Opal McDonald, Lula Montgomery, Mrs. G. Tappscott and Mrs. B. A. Thomas.

Faced with the necessity of the strictest economy, the Board discontinued the public school music department for one year.

With the almost certain prospect of the six year old children being dropped from the rolls by the legislature, it is believed that the school will be able to operate with only one first grade teacher.

With these changes there will be effected a saving of the salary of two teachers. It was decided that the fixing of salaries be postponed until the state per capita appointment is set by the State Board of Education at its July meeting. It will be the policy of the board to keep the expenditures for the coming year within the anticipated revenues.

At a meting of the School Board Monday night Miss Emma Pearl Clement was elected to teach in the Elementary grades of the Cameron schools.

Miss Clement is a graduate of Southwestern University and has done graduate work at the University of Texas. She is the daughter of Mr. and Mrs. Sam Clement and a member of a pioneer Milam county family.

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day.

"My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

FORMER PASTOR HERE BURIED IN HOUSTON

Cameron friends will regret to hear of the death of Rev. John E. Green, 77, Monday night May 22, at his home in Houston, where he had lived 48 years.

Rev. Green was pastor of the Cameron Methodist church for two years; was the first stationed pastor for this church and left here for Houston. He was born at Muskegee, Alabama, where his father was a merchant. After growing to manhood he became a railroad engineer. After becoming a minister he preached a sermon known as his "Railroad Sermon" which was an impressive parallel between the span of a man's life and an engine pulling into a central station which he likened to heaven.

He had built two churches in Houston and was pastor for four years or more with each church he built. His book "Forty Years in Houston" is interesting and deals with his experiences and the growth of Houston.

Funeral services were held at 5 p. m. Tuesday from St. John's Methodist church, which he builded. Bishop Boaz, Bishop A. Frank Smith, Rev. J. M. Gordon and Rev. Glenn Flinn officiated, with burial in Glenwood cemetery.

Tom Henderson, Jr. of Corpus Christi arrived Sunday morning and spent Mothers Day here with his mother, Mrs. T. S. Henderson and family.

Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires *now*. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather — and the prices of the thrifty Goodyear Pathfinder — and you'll certainly agree, *it's smart to buy Goodyears NOW*— while prices are still down close to bottom, and your money buys more than it may ever buy again.

Nagging Pains are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores.

Millions of people will have their first opportunity to see an automobile being built, when they visit this mammoth room where the Chevrolet Motor Company will assemble "Master Six" coaches and coupes in the special General Motors Building at "A Century of Progress" exposition. On the left, Fisher bodies are being fabricated on a "J" shaped line and on the right, Chevrolets are being assembled from the bare frame to the completed car, ready to be driven out of the building under their own power. Note, in the center of the photograph, the body being swung from the end of the Fisher line over to its place on a Chevrolet chassis. Visitors may purchase cars built here and drive them home.

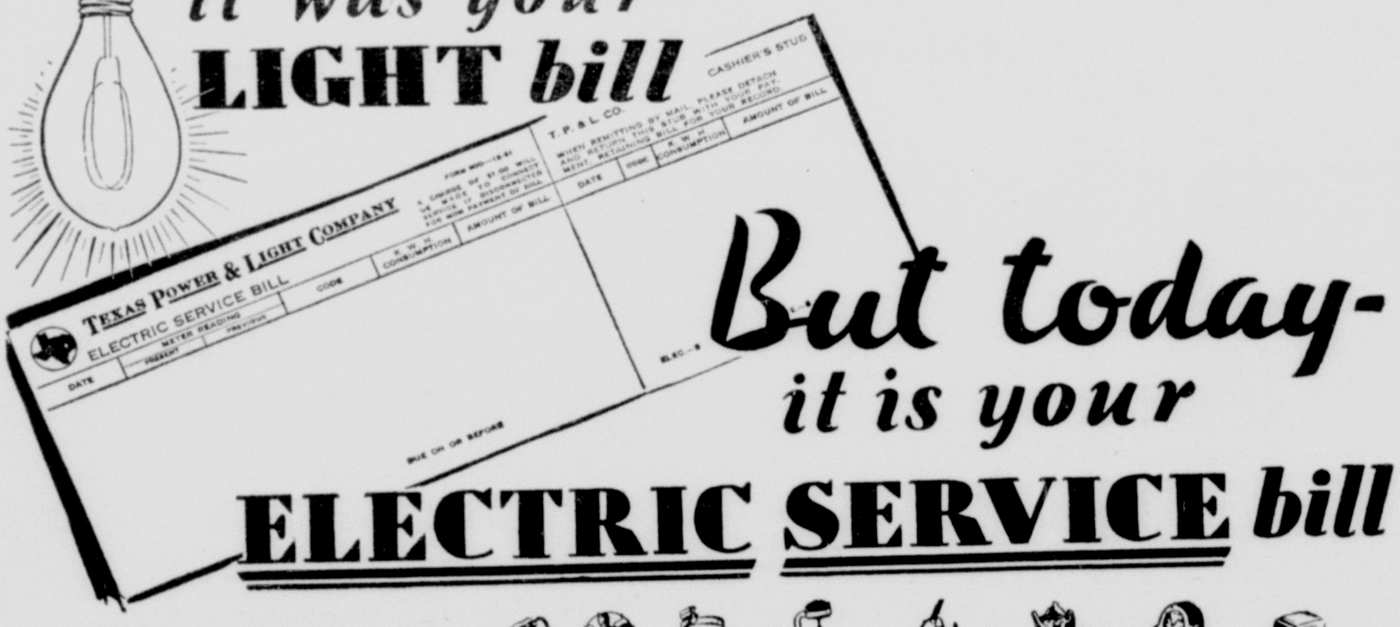
in 1914 *it was your* LIGHT *bill*



But today- it is your* ELECTRIC SERVICE *bill

1¢ WILL

run a fan 3 hours

operate a radio more than 1 hour, 40 minutes

operate a vacuum cleaner 1 hour, 20 minutes

run a clock 4 days

light a floor lamp 1 hour, 12 minutes

run a sewing machine 3 hours

afford 25 minutes of ironing

make 9 cups of coffee

run a washer 46 minutes

Only a few years ago the average home used electric service for lighting only. Many of the present-day economical electric appliances were unheard of. But today, as the average customer enjoys the pleasure and comfort of the radio, electric fan, electric vacuum sweeper, electric iron, electric washer, electric clock, well placed and artistic table and reading lamps . . . and in many homes the electric range and electric refrigerator . . . the Light Bill is the Electric Service Bill.

When the Electric Service Bill was known as the Light Bill, the average residence lighting customer used only about thirteen kilowatt hours a month. Today, with the many electric appliances bringing comfort and pleasure to the housewife and all other members of the family, the average residence lighting customer uses about twenty-six kilowatt hours a month.

The cost of electric service has not gone up in proportion to its increased use. Unlike other costs of living, which the United States Department of Commerce figures show are still 32 per cent higher than before the war, the average cost of residence electric lighting service to customers of this company was consistently reduced. Today the average residence lighting customer in Cameron buys 33 per cent more electricity than in 1928 for the same amount of money.

Electricity IS Cheaper. You get more for your money in your Electric Service Bill than in any other household bill.

SLUGGERS MEET FIRST DEFEAT AT GAY HILL

The Cameron Sluggers ran into reverse English in the ninth inning with their ball game Sunday afternoon at Gay Hill when the Sluggers were defeated in the ninth inning six to five. In the ninth inning the Gay Hill team were on even terms with the Sluggers but after two were out the heavy hitting artillery came to bat from the Gay Hill team and and made a Garrison finish to score the necessary run to defeat the Sluggers six to five. Jack Rimer replaced Reese in the box for the ninth inning but there was nothing that could have been done to stop the onslaught. No changes could have been made which would have improved the lineup insofar as the Sluggers were concerned. The Cameron Sluggers could have won their game with the first inning lead but for the ninth inning rally by the heavy hitters who produced the necessary run to win.

Dockall, who caught for the Gay Hill team, proved himself the hero when he came to bat, getting four hits in five attempts, which included a home run in the first inning.

There can be no alibi for the loss of this game inasmuch as the Sluggers were clearly outhit during the game.

—o—

On Sunday afternoon, May 26 the Cameron Sluggers and the Cameron Comets will meet at the Lawless Green field for their game and this gives every promise to be the headline attraction for the fans in this city for the year. Rivalry between these clubs have always been at fever heat and inasmuch as the Sluggers are a much improved club over their team of last year, this game should attract the largest crowd of the season.

After the game with the Comets Sunday afternoon the Sluggers will take on the Milano team, thus offering two games for the price of one.

West Texas Prexy

Walter D. Cline, a prominent Wichita Falls oil man, who has been elected president of the West Texas Chamber of Commerce at the annual convention in Big Spring, Texas. Cline succeeded Wilbur D. Hawk, publisher of the Amarillo News-Globe.

It is expected that Dennis McDonald will be in the lineup Sunday afternoon. He has been in the Waco club in the Dixie League, but returned to Cameron last week.

BUFFETS SAY "HAPPY DAYS!"

WHEN THE STEIN'S ON THE TABLE—

The proper cheese is bound to be there with it!

For beer and cheese—the buffet supper in all its glory—are classic and inseparable food combinations.

The very thought of the smooth and amber-flowing liquid conjures up in the masculine breast thoughts of generous slices of nut-sweet Swiss cheese, scoopsful of pungent Old English, wedges of ruddy American. From free lunch to political caucus, the joys of the foaming stein and the buffet supper are endeared to memory the world 'round.

Americans will have to learn the joys of the proper thirst-inducing, appetite-satisfying cheeses which properly belong with the foaming beverage, according to the educational department of the Kraft-Phenix Cheese Corporation. There are more than 400 different varieties of cheese—and all of them will enjoy renewed popularity now that buffet suppers are the thing, according to the cheese company.

Swiss, full-flavored American, Limburger, sharp and ruddy Old English—these are some of the cheeses which are expected to enjoy unparalleled popularity on the buffet tables of the nation now that beer is back.

For quick relief from constipation troubles, such as are mentioned below, get a 25-cent package of Thedford's BLACK-DRAUGHT and begin taking it today.

"I have suffered a great deal from biliousness and constipation," writes Mrs. D. C. Jones, of Waterloo, Ala. "When I get bilious I have a bad taste in my mouth, have sour stomach, my color is bad, and I get dizzy and feel awfully bad. I have headache constantly. When I take Black-Draught it relieves me and I feel like a new person. I don't think there is a better medicine than Black-Draught."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

SYMPHONY CLUB

Cameron Symphony Club held its closing meeting of the season with Mrs. W. E. Gaither and daughter, Miss Billie Gaither, joint hostesses, Wednesday afternoon at their home in the "Heart of the Country Club" addition. Beautiful summer roses and other seasonal flowers combined with ferns, lent charm to the occasion.

Miss Aetna Smith was in charge and conducted a program with the following taking part: Mrs. Francis Cox gave an outline of Texas composers, and also rendered a piano solo.

Miss Billie Gaither and Miss Arnette Ryan rendered a piano duet. Miss Gaither also gave a piano solo.

Miss Lucille Dickard rendered a piano number.

Little Miss Viola Thomas gave a catchy reading.

Miss Smith conducted a musical romance guessing contest at the close of the program.

The hostesses served a salad plate with ice drink at the conclusion of the afternoon.

BOWELS
need watching

Let Dr. Caldwell help whenever your child is feverish or upset; or has caught cold.

His simple prescription will make that bilious, headachy, cross boy or girl comfortable, happy, well in just a few hours. It soon restores the bowels to healthy regularity. It helps "break-up" a cold by keeping the bowels free from all that sickening mucus waste.

You have a famous doctor's word for this laxative. Dr. Caldwell's record of having attended over 3500 births without loss of one mother or baby is believed unique in American medical history.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your drugstore and have it ready. Then you won't have to worry when any member of your family is headachy, bilious, gassy or constipated. Syrup Pepsin is good for all ages. It sweetens the bowels; increases appetite—makes digestion more complete.
